Part-Time Job Opportunity -- Math*STARS/Algebra 1 Tutor-Mentor

JOB DESCRIPTION
Tutor-Mentors will work with small groups of 8th grade or 9th grade students who are currently taking Algebra 1. Algebra 1 is one of the most difficult mathematics courses and data shows that students all over the country are struggling. Only a quarter of Boston Public School students pass the course at the end of the year. With the help of MathPOWER trained and supported Tutor-Mentors, students at 2 Boston Public Schools will have additional instruction and mentoring around mathematics problem-solving and comprehension.

Math*STARS/Algebra 1 Tutor-Mentors will travel to a nearby middle school to provide supplemental math instruction, primarily using Algebra 1 materials. The program site (either the Curley K-8 or the Dearborn 6-12 STEM Academy) will be chosen by the candidate during his/her interview with MathPOWER’s Director of Afterschool Programs. Tutors will be supported by MathPOWER staff members who will provide training, and a Boston Public School math teacher at the site each morning/afternoon of programming.

HOURS:
Sites and times:
Curley K-8 School (40 Pershing Road, Jamaica Plain)
Mondays & Tuesdays, 2:30-3:30pm

Dearborn 6-12 STEM Academy (35 Greenville Street, Roxbury)
Tuesdays & Thursdays, 11:15am-12:30pm OR Tuesdays & Wednesdays, 2:30-3:30pm

QUALIFIED CANDIDATES:
• Must have a Social Security Number and government-issued photo ID
• Must pass a CORI/SORI check
• Have a strong interest in working closely with 8th and 9th graders
• Understanding of Algebra 1 and passion for math!
• Must have transportation (bus, car, etc.) to and from the school site
• Availability each week for one of the time slots (2 days per week at the site is highly preferred)

COMPENSATION
Hired candidates will earn $10 per hour.

The program begins on Tuesday, November 12, 2013. We are looking to hire qualified candidates immediately!
